

# Conference Ready Challenge

NAME: \_\_\_\_\_

In this challenge, you will set goals, create questions, pray often, and study previous conference talks. What a great opportunity! Leading up to Conference, study at least 6 previous conference talks and write down the main message for each on the form below. Then, generate 3-4 questions that have been in your mind or would like to have answered. Ask Heavenly Father for the spirit to help you understand the messages. Make a note of the talks that had special significance for you and then read or re-listen to them after they are posted online.
